Dear Ms. Mallon,

I'll always be incredibly sorry for assaulting my wife. Always! And will give her the respect of never entering her State again in any fashion. Yes, we'll never be at a baseball game together or a graduation, that's ok. Now what about the boys they don't get a chance? Your client will never agree I admit or may never know how much she hates me. I hated myself - I had it all until I used that street ~~garage~~ ~~garage~~ with her - she quit. I couldn't. Now I hate the crap that robbed me of almost everything maybe as much as she hates me. I would like to be in my children's lives - if she would let me they would be!

Next - I'll be looking for 1/2 of the value of the truck and 1/2 of the ck - contents of storage. Out of court settlement "3500" - Ask your client

Respectfully
Mark Ledden
